On-Site Training ***CPR / AED for the Professional Rescuer***

Offered by **Aquatic Training and Consulting Services**, this is an *American Red Cross* course. A full-length course is required for first-time certification and certifications are valid for one year. A shorter *recertification* class is available for subsequent renewals. All Health Departments in the Metropolitan area accept the *American Red Cross* certification.

On-Site Full Length classes:
Up to 6 participants: \$ 450.00
\$ 50.00 for each additional participant
(Does not include materials)

Full length classes should be scheduled for 7 total hours. The materials cost, per-participant, is \$25.00, and includes the standalone CPR / AED textbook and a resuscitation mask.

On-Site Recertification classes:
Up to 6 participants: \$ 300
\$ 40.00 for each additional participant
(Does not include materials)

Recertification classes should be scheduled for 5.5 total hours. Each participant **MUST** have a textbook and resuscitation mask. If any participant has a book that was purchased before January 3, 2007, **IT IS OUTDATED**. The cost of the new standalone CPR / AED textbook is \$ 15.00. In order to be eligible for a recertification class, each participant **MUST** have been certified in CPR within the last 2 years. It is **HIGHLY** recommended that you have the new book prior to class. Along with the addition of the AED training, there have been significant changes to the basic CPR material.

On-Site CPR / AED for the Professional Rescuer *Challenge*:
\$ 30.00 per person / minimum of 6 participants
(Does not include materials)

As long as the challenge takes place **BEFORE** the expiration date of your current certification, you are eligible to challenge each year. The American Red Cross allows a non-certified individual to challenge only once. If the participant is not currently certified, this must be the first time you have participated in a challenge course. **REMEMBER**, there have been significant changes to the material and each participant will be tested on the new material, **INCLUDING** the AED. No instruction will be given for challenges.

Up-front deposit of 50% of the total class fee is due **5 days prior to the start of class**. The deposit is non-refundable unless the class is cancelled at least 5 business days prior to the start of class. The remaining 50% is due on or before the last day of the course. **TESTING WILL NOT BEGIN UNTIL FULL PAYMENT IS RECEIVED.**

For locations **outside of a 50 mile radius** of Frederick County, Maryland, there may be an additional **\$30.00 PER TRIP fee**.

Refunds cannot be given for a participant who decides he/she no longer wishes to continue in a course in which they are participating. Attendance is **MANDATORY** for all dates of all sessions.

Should a participant become ill or should there be another **EMERGENCY** that precludes them from completing the course, every attempt will be made to allow them to make-up the material. Any student in these circumstances will be permitted to complete the course during another scheduled class at another facility if necessary. **Aquatic Training and Consulting Services** will make every *reasonable* accommodation necessary to complete the training.

Please complete the attached form and return it to Aquatic Training Services via mail, fax (240) 668-9449, or email aquatictraining@aol.com. You will be contacted by our representative to schedule your class. *We look forward to working with you!*
